FAQS & EXTRAS

PRICE LIST

Frequently Asked Questions

What type of boats are you using?

For all of our trips we operate our professional speedboats specially designed for scuba diving. Each boat features a large cabin as well as seating and diving facilities.

Can you see Mantas every day?

Manta Rays can be seen all year round and although we see them almost each and every day, it does happen that sometimes we don't see none at all.

What time do you start and come back?

For almost all of our trips the day begins in the morning at approximately 7AM with the hotel transfer. Our daily return times are generally scheduled for anything between 2PM and 5PM depending on the dive destination.

What is your best price?

That's not how we work. We value safety above all and we make no compromises. With high safety comes high cost and so we rarely provide discounts for one guest or one day activities, with the exception of returning guests.

Can you pick me up from the hotel?

Yes we can and it would be our pleasure. Our hotel transfers have a cost of 300,000 IDR for the day, a standard taxi fare in Labuan Bajo.
